

# Presenting our Health Team

[www.global-mark.com.au](http://www.global-mark.com.au)

## **Dr Adrienne Pope (QLD)**

Adrienne is an accomplished embryologist with considerable experience and qualifications in the fertility industry, she also has a PhD in genetics. Adrienne has worked all over the world in various clinical and operational/executive roles, and audits widely throughout the Asia-Pacific region.

## **Alison O'Brien (QLD)**

Alison is a proficient perioperative nurse with experience in general, paediatric, endoscopy and oral/maxillofacial settings. Alison has held a number of hospital and day surgery clinical management roles at senior and executive levels.

## **Anne Sutherland (VIC)**

Anne is a cultivated perioperative and day surgery nurse, with extensive clinical and management experience in public and private sectors. Anne has postgraduate clinical and management qualifications.

## **Christine Roggenkamp (QLD)**

Chrissie is a charismatic senior clinician with demonstrated experience in medical/surgical, orthopaedic, community health and acute care nursing. Chrissie has held multiple quality and risk management roles over a variety of industry sectors.

## **Dana Rowe (NSW)**

Dana is a supportive and engaging nurse with experience in medical/surgical, renal, orthopaedic and endoscopy settings. Dana has held a number of quality, infection control and CNS positions within day surgeries and private hospitals.

## **Wendy Adams (VIC) Program Manager for Health**

Wendy has been a nurse manager or Director of Nursing for day procedure centres or small private hospitals since 1999 and represented day procedure centres/day hospitals on a number of committees at a state, national and international level since 2000.

She has been auditing since 2002 and is a Lead Assessor for the National Safety and Quality Health Service Standards (NSQHSS) as well as a Lead Auditor for Quality Management Systems (ISO 9001), National Mental Health Service Standards and Fertility Standards across Australia and New Zealand.

Wendy is the Program Manager for the Health Team and represents Global-Mark on the Australian Commission on Safety and Quality in Health Care's Accrediting Agencies Working Group.

## **Donna Close (QLD) Program Manager for RTAC**

Donna is a dynamic and qualified nurse/midwife with specialty and management qualifications in midwifery and infertility nursing. Donna is the RTAC program manager for Global-Mark with a Master of Reproductive Medicine.

Donna had the opportunity to service as Secretary of the Fertility Society of Australia for several years and remains keenly interested in ensuring the highest quality in Assisted Reproductive Services in the Asia-Pacific region. Our program now includes ART units in several Asian countries including Taiwan, China, Singapore, Hong Kong, Thailand, Vietnam, Malaysia and hopefully the Philippines in the near future.

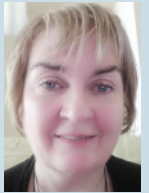

## **Jo Tier (QLD)**

Jo is an informed and knowledgeable senior nurse with extensive perioperative experience in a private hospital and day surgery context. Jo has maintained senior and executive management roles across a variety of clinical settings for a number of years.

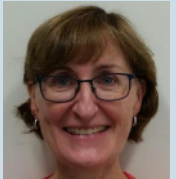

## **Marguerite Hoiby (VIC)**

Marguerite is a skilled and astute senior nurse with a background in general, medical/surgical, spinal, day surgery and perioperative nursing. Marguerite has held a multitude of senior clinical and management roles within public and private settings.

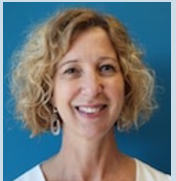

## **Penny Forte (NSW)**

Penny is a precise and systematic senior clinician with extensive experience in medical, surgical, and rehabilitative nursing. Penny has tertiary clinical and management qualifications with a strong background in single site and corporate operational/governance roles.

## **Sally Spillane (NSW)**

Sally is a progressive and constructive nurse with a background in medical/surgical nursing and strategic planning. Sally provides quality system and business consulting services for day surgery centres and private hospitals.

## **Susan Dunn (NSW)**

Susan is an analytical and practical nurse with a background in medical/surgical, cardiac and mental health nursing. Susan has maintained a number of senior clinical management roles with an operational and quality/risk-based focus.
